STARTING AT \$100

The Set Free Gala is a night to celebrate the freedom found in Christ and the transformation that's happening in the areas we serve, village by village. Stories once marked by poverty, pain, and injustice are being rewritten through God's love and the power of Christ-centered community. This year's event honors that ongoing transformation — the kind that starts with one life, spreads to one family, and impacts an entire village. Together, we'll reflect on the hope we've shared so far and renew our commitment to all the lives still waiting to be changed.
